

# Somali Adult Literacy Training

*Sharing Jesus with our Somali neighbors through literacy and friendship*

START

Welcome! Learn about SALT from the [website](#), or hear from a friend — contact [SALT](#) and see if you can 'shadow' another volunteer in the classroom or home

This is a good fit — fill out application and shadow a volunteer a second time while waiting for the application to be processed

Nope, not a good fit—this is a great ministry, and I'll keep it in mind in case I think of someone else who would be a good fit

As soon as you are able — attend SALT 101 and 102

Once your application clears, be paired with another tutor to be connected to a Somali family or a student in the classroom.

As you tutor weekly contact coordinator or team leader weekly — along with monthly prayer gatherings and further training
